

# BREATHE CLEANER AIR

## COWAY AIRMEGA

Coway AirMega AP-1515G/300S is an air purifier with high performance and capacity in a stylish, clean and compact design. Coway AirMega allows you to control and monitor the unit via your smartphone. Recommended room size 117 m<sup>2</sup>.

The unique thing about Coway AirMega is that it draws in air from two directions. With double air intakes the capacity becomes very high. The air purifier has two pre-filters and dual high-efficiency MAX2 filters consisting of a combi-filter, to eliminates odors, cigarette smoke, bacteria, microparticles, mold spores, mites, pollen and other harmful particles. With intelligent control AirMega reads the level of purity in your home to minimizing power consumption and it is energy smart.
