

# BREATHE CLEANER AIR

## COWAY CLASSIC

Coway Classic AP-1018F is the second generation air purifier and a first-class successor to the great model Coway AP-1008CH. Classic is a modern and stylish air purifier, equipped with smart features and high performance. Recommended room size 55 m<sup>2</sup>.

Classic is a air purifier with three effective filters (pre-filter, deodorant filter and HEPA filter) that purifies the air from pollen, microparticles, mold spores, bacteria, viruses and other harmful substances. In addition, it eliminates unwanted odors from cooking and other troublesome odors. With intelligent control Classic itself reads the level of purity in your home, minimizing power consumption and making you a true environmental friend.
